## OUR QUOTES ARE DETERMINED BY THREE FACTORS

### ~ LOCATION ~

Any location in Singapore is possible. Even though we are based in the Central Business District, we travel to all parts of Singapore.

### ~ NUMBER OF COFFEES SERVED ~

Our pricing starts at 80 - 100 coffees. This might sound a lot but even if your event is for only 40 people, you'll be surprised just how quickly 80 coffees can be consumed.

### ~ DURATION OF SERVICE ~

Our minimum call out is two hours, though some of our events are up to 12 hours in duration.

We use only 100% Arabica freshly roasted coffee beans and top range commercial equipment for all our mobile coffee events. Being probably the busiest coffee bar in the Central Business District, our baristas will be able to handle the demands of your guests with ease and serve up good quality coffee beverages of our 6oz Signature Blend with speed and precision. We are committed to bring you professional baristas serving cafe quality coffee to ensure your guests have that true cafe experience at your event.
